Look Like a Winner!

Finally...the easy & correct way to take care of your racing gear

You spend a lot of money on the right racing suit. It only makes sense to take care of it properly and to make sure it lasts longer and looks great.

WE ARE RACERS and we know what you need! We clean racing suits right!

Do not risk washing your racing suit at home and damaging its appearance or degrading its performance. Also, don't risk taking your suit to your local cleaner who does not have the 79 years of experience that we do.

We offer a complete line of services with a quick turnaround.

Let us maintain your investment the right way!

CLEANING

You'll look like a million bucks in the Winner's Circle! Our specialized process will make your suit look and feel like new. Specially-formulated detergents, deodorizers and sizing will remove track grease, oil and grime, eliminate odors and restore the suit's appearance.

REPAIRS & ALTERATIONS

Are your suit's sleeves and/or legs too long or too short? Not any more. We can custom-tailor racing suits for the perfect fit.

MONOGRAMS & PATCHES

We can monogram your name and blood type right on your suit. We can also sew on sponsor patches and embroider custom logos for a professional look.
