POWERED BY SWAN CLEANERS

Finally...the easy & correct way to take care of your racing gear.

You spend a lot of money on the right racing suit. It only makes sense to take care of it properly, ensuring that it will last longer and continue to look great.

WE ARE RACERS and we know what you need. We clean racing suits right!

Do not risk washing your racing suit at home and damaging its appearance, or degrading its performance. Also, don't risk taking your suit to your local cleaner who lacks the over 80 years of experience that we have.

We offer a complete line of services with a quick turn-around.

Let us maintain your investment the right way!

CLEANING

You'll look like a million bucks in the Winner's Circle! Our specialized equipment will make your suit look and feel like new with specially-formulated detergents, deodorizers and sizing designed to remove track grease and grime, eliminate odors and restore your suit's appearance.

REPAIRS & ALTERATIONS

Are your suit's sleeves and/or legs too short or too long? Not any more. We custom-tailor racing suits for the perfect fit.

MONOGRAMS & PATCHES

We can monogram your name and blood type right on your suit. We can also sew on sponsor patches for a professional look.
